

# EnviroReel®

## From Manufacturing

PerfectVision manufactures the EnviroReel system to give you an Eco-friendly solution to manage cable, minimize cardboard waste & to save money. The EnviroReel dispenser is 100% RoHS recyclable & made in the USA. The lightweight reels are manufactured to strict design specifications from recycled polypropylene, and the complete EnviroReel cable system is highly weather resistant & durable.

## To Logistics

PerfectVision designed the EnviroReel system to increase the number of reels on a pallet by nearly 50% with its patented stacking design. This pallet design is engineered to maximize container efficiency, resulting in approximately 10% increase in product per container. As a result, EnviroReel lowers fuel and shipping costs compared to cardboard or plywood alternatives.

## To Security

The security of products & materials is imperative for your business, and the EnviroReel system uses a unique, patented ReeLogic® Security System and Key to reduce shrinkage & protect your product. EnviroReel makes cable easy to control & easy to manage.

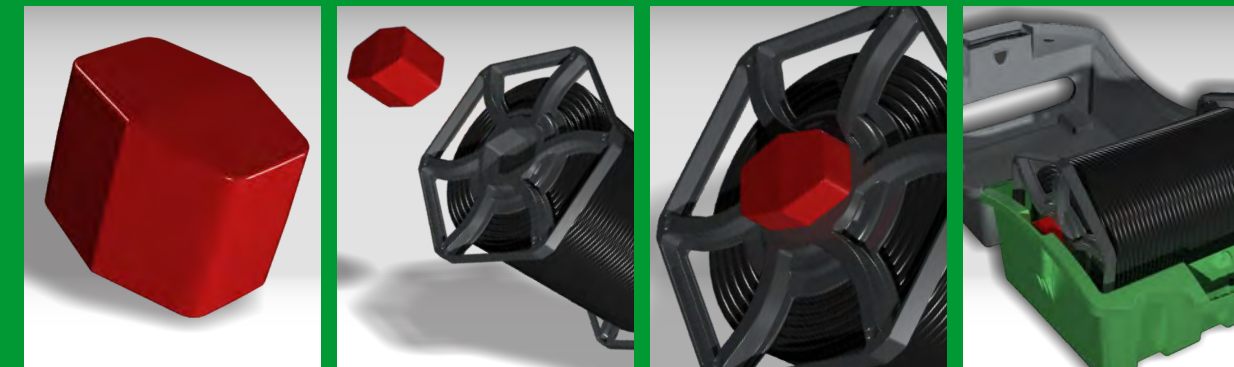

## For Versatility & Durability

The EnviroReel system accommodates multiple types of cable & wire including coaxial, mini-coaxial, Category 5 & Category 6, fiber, telephone, speaker & security varieties – and up to 1,000 feet of Series 6 coax.

EnviroReel® systems offer cable management solutions to accommodate 1000 or 500 feet of coaxial cable

# EnviroReel®

## COMPLETE CABLE MANAGEMENT SOLUTION

### Provides Versatility

- Solution Can Support Coax, Mini-Coax, Cat 5 & Cat 6, Fiber, Phone, Speaker & Security Cable
- Quickly Change Reel for Installation Efficiency

### Tech Usability

- Pull Cable with Ease
- Base and Lid When Closed Form a Very Sturdy Carrying Handle
- Techs Are More Apt to Take EnviroReel Out of Their Vehicle to Location of Cable Run
- Techs Love This Non-Cardboard Reel Solution

### Ensures Security

- Features Unique ReeLogic® Security System and Key to Reduce Theft
- Label Can Be Customized with Your Company Name & Logo

### Nylon Carry Bag for EnviroReelmini

- Ballistic nylon carry bag for the EnviroReel® mini with 3 outside front tool storage pockets and two large side storage pockets
- Dual strap carry handle for easy lifting
- Wide shoulder strap with cushioned pad
- Zippered lid and front access flap for easy access to your EnviroReel® mini

### Eco-friendly Solution

- Innovative Design Supporting a Greener Footprint
- Eco-friendly Weatherproof Cable Solution
- Dispenser is 100% Recyclable and Made in the USA
- Lightweight Reels Made of Recycled Polypropylene

### Streamlined Logistics

- Reduces Cardboard Waste Build-up & Disposal
- Lowers Shipping Costs
- Saves Fuel Costs with More in a Container
- Maximum Efficiency in Stacking, Loading, & Shipping
- Saves Space with Up to 50% More Quantity on Pallet
- Design Maximizes Warehouse Storage Footprint

Save Time, Labor & Money with the Eco-friendly EnviroReel®
